

Geobrowser Challenge

A special gala debut of the visualization technology will be presented to global leaders on the spectacular performance of **3-D Geobrowser systems** that are currently in operation and being designed for immediate release for media, education, health, and international governance. This premier showing is by invitation only to leaders in government, industry, and academia as key input to the strategic decision making processes for positioning future technology within these institutional frameworks.

The technology demonstrations will be unveiled at the Changing Planet auditorium in the Freedom Forum Building (formerly the Newseum) at 1101 Wilson Boulevard, Rosslyn, Virginia (1 block from the Rosslyn Metro station) This special presentation will be held on the 17th and 18th of July, 2003. Please refer to the agenda for further details.

Interested individuals may contact Joyce at icsed@direcway.com; or 410-379-6639 for information on how to receive a special invitation to this gala event.
